

Guests who come the last 2 weeks of the season often face challenges not present during the earlier weeks. Weather conditions may be more severe; daylight is restricted, reducing the hours for fishing; and halibut are generally in declining numbers. In recognition of this Doc Warner's is implementing the following program:

- For the last 2 weeks of the season the pricing structure will be modified as follows:
  - For groups of 2 or more people the per person price is fixed, for the 2012 season, at \$2754.00
  - This price includes:
    - 18' boat – 5 days
    - Fishing package – 5 days
    - Fishing license
    - Deluxe housing (private bathrooms) – 6 nights
    - All meals
    - Transfers between Juneau and the lodge
  - For the 2012 season this program applies to the weeks of Aug. 26- Sept. 1 and Sept. 2- Sept. 8
